Emsur France (SPO) exhibiting at EUROPACK EUROMANUT CFIA 2017

Emsur will present innovative packaging solutions and its extended production capacity in Lyon.

The 3rd edition of **EUROPACK EUROMANUT CFIA** starts today and finishes next Wednesday. For three days, Lyon will hold this event especially dedicated to professionals from the process, packaging, and handling sectors. The French fair is organized every two years and attracts over 500 exhibitors and more than 12,000 visitors.

The upcoming trade show will be our opportunity to present the new flexographic printing press recently installed in our French facilities, and a new slitting line, supporting the existing cutting capabilities of the finished material. The new slitting machine will arrive at the beginning of December.

By expanding its production capabilities, EMSUR highlights once again its commitment to meet the customer expectations serving them globally.

At **EUROPACK EUROMANUT CFIA**, Emsur will show its wide range of innovative packaging solutions in response to current market trends and customer demands.

Some of this diversified portfolio of products includes monolayers materials with different types of applications, multilayers such a duplex, triplex, high barrier films and bio films. Emsur's packaging solutions are used in products from Food to Home & Personal care sectors.

Our team is looking forward to welcoming you at our stand located in **Hall 6 Booth 130**
